

# Finance Project Delivery Manager

ES-14107

We are looking for you as a

**FINANCE PROJECT DELIVERY MANAGER**

in Budapest!

## WHAT ARE YOU GOING TO DO:

- End-to-end project management for finance transformation initiatives in EMEA region
- Engage with finance stakeholders at all levels to seek inputs on requirements, socialize status and results throughout project lifecycle
- Ensure projects are delivered within timeline, budget and deliverables are met
- Manage chartering, resource planning, budgeting, sponsor review, execution, stakeholder engagement, project closure
- Execute projects like finance transformations/optimizations (process improvements, shared services integrations, ERP upgrades, cost reductions, business process design, new functional process/technology introductions)
- Run effective and efficient project management processes to drive good work prioritization and resource allocation decisions
- Document and manage risks throughout the project lifecycle
- Escalate issues to ensure timely and effective resolution
- Lead large/smaller scope projects, as needed
- Execute domestic/international travels depending on projects

## ABOUT THE REQUIREMENTS:

- Bachelor's degree / MBA or equivalent preferred with finance focus
- Prior experience in finance operations and/or finance transformation in SSC
- Leadership skills to manage self/ project teams through a fast-paced matrix environment
- Ability to interface at all levels within the organization to install confidence and trust
- Strong project management/process improvement background
- Excellent written and oral presentation skills to brief management/stakeholders
- Preferably PMP / Green Belt certification
- Proficiency in Word, Excel, PowerPoint, Visio, Microsoft Project
- Functional understanding of PeopleSoft and/or SAP systems
- Work with multiple groups and cross function teams
- Strong problem solving, analytical skills with customer focus

#### **WHAT OUR PARTNER OFFERS TO YOU:**

- Working experience in a large global company
- Career and development opportunity
- Competitive salary and compensation package
- Modern, dynamic work environment with new office building
- Friendly company culture
